

# Workman™ & Norseman™ Convection Heaters

*Efficient, easy-to-use heat  
with no electricity*

- Workman 100 Plus
- Workman 100N Plus
- Workman 225 Plus
- Norseman 200 Horizontal
- Norseman 200 Plus
- Norseman 250

Ideal for construction environments where electrical power is not readily available, L.B. White Workman and Norseman convection heaters deliver highly efficient heat without the need for electricity.

### Range of Models

L.B. White offers the largest selection of convection heaters available from a single source. For high performance and maximum portability, you can't beat the Workman's solid, extremely portable design. For heavy-duty applications, Norseman models deliver cast iron burners and heavy gauge steel construction. And don't forget the horizontal Norseman for those tough floor-level heating needs.

- Model Ratings
  - 100,000 Btu/h
  - 200,000 Btu/h
  - 225,000 Btu/h
  - 250,000 Btu/h
- Dependable standard or piezo pilot ignition
- NG or LP
- 99.97%+ fuel efficient direct-fired design
- Variable Btu/h output (Workman 100 & 225)

### Lightweight Portability

Because they do not require electricity, Workman and Norseman convection heaters can be used virtually anywhere. At only 12 to 15 pounds, the Workman weighs in as the ultimate portable heating solution. And at under 32 pounds, even the Heavy Duty Norseman is highly portable.

### Easy Set Up & Reliable Operation

With a proven design, reliable pilot light ignition and easy component access, Workman and Norseman convection heaters are easy to operate and easy to maintain. And all feature quality components and rugged design to stand up to the heavy demands of construction use.

### L.B. White... Experience You Can Count On

Recognized as a leader in construction heating for over 50 years, L.B. White offers the technical expertise and knowledgeable customer support you can count on for all your

construction heating needs. In addition to Workman and Norseman convection heaters, L.B. White offers a full line of portable gas forced air, kerosene, circulating and ductable construction heaters and torches.
